Re: Ashland-Greenwood Public Schools
High School Mechanical Upgrade
SES Project #12 191

Dear Zach:

This letter represents the proposal from Specialized Engineering Solutions (SES) to provide mechanical engineering services for the mechanical upgrade of the high school at Ashland-Greenwood Public Schools.

Project Description

The project will consist of a mechanical design to upgrade the existing east portion of the building to a geothermal heat pump system. The system will be connected into the existing geothermal well field north of the building structure.

Outside air and exhaust air will be modified in both the east and west sections to incorporate energy recovery. Existing systems currently supported by the existing boiler and chiller will be decommissioned and removed.

Construction Administration Services

We include shop drawing review, responding to contractor requests for information (RFI's), assisting in responding to change proposal requests (CPR's), and attendance at two (2) construction meetings and two (2) site visits for observation/questions.

Fee Basis

We propose a fixed fee of \$30,000 (Thirty Thousand Dollars) for our services. A structural sub-consultant will be needed to assess and design structure to support the new installations. SES will hire TD2 to perform these services; their fee is anticipated to be \$1500 and will be passed through at cost.

Additional Services

Scope change initiated by the Owner will be regarded as additional services with compensation negotiated on a case-by-case basis. Such scope change may include:

- Substantial changes to the floor plans once the project is midway through construction document phase.
- Preparation of record drawings
- Post-occupancy visits (six month or eleven month walk through)

Reimbursable Expenses

Reimbursable expenses are in addition to compensation for Basic and Additional Services and include expenses incurred by SES and SES's consultants directly related to the Project as follows:

- Travel related expenses including mileage and meals. Mileage will be billed at the current IRS rate.
- Printing, reproductions, plots, standard form documents. Outsourced printing will be billed at cost. In-house printing will be billed as shown on the attached.
- Postage, handling, and delivery.

Services by Client

In order for SES to perform these services the Client will endeavor to furnish the following:

- Site plan/survey with all utilities fronting or serving the property.
- Owner furnished equipment with associated connection and installation requirements.
- CAD floor plans, elevations, sections, room finish schedule, and fire resistance rated partitions located.

Terms and Conditions

SES represents that it has the expertise to perform the services for this project in a manner consistent with that which is usual and customary in the profession.

Invoices for our services will be submitted monthly. Invoices shall be payable within 30 days by the Owner but not exceeding 60 days from date of the invoice. Invoicing will be based on a percentage of completion for each project phase matching that of the Owner. Past due accounts may be subject to a monthly service charge of 1.0% on the unpaid balance at the time of the invoice.

SES will maintain professional liability insurance to cover negligent acts, errors and omissions. The limits of insurance will be our basic services fee.

If, due to the negligence of SES, a required item or component of the Project is omitted from the construction documents, SES shall not be responsible for paying the cost required to add such item or component to the extent that such item or component would have been required and included in the original construction documents. The Owner agrees that SES will not be responsible for any cost or expense that provides betterment or upgrades or enhances the value of the Project.

Inasmuch as the remodeling and/or rehabilitation of the existing structure requires that certain assumptions be made by SES regarding existing conditions, and because some of these assumption may not be verifiable without expending substantial sums of money or destroying otherwise adequate or serviceable portions of the structure, the Owner agrees, to the fullest extent permitted by law, to indemnify and hold harmless SES against all damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising out of or in any way connected with this Project, excepting only those damages, liabilities, or costs attributable to the sole negligence and willful misconduct by SES.

Nothing in this Agreement is intended to create, nor shall it be construed to create, a fiduciary duty owed by either party to the other party.

The Owner and SES agree that all disputes between them arising out of or relating to the Agreement shall be submitted to nonbinding mediation unless the parties agree otherwise.

The Owner agrees that all reports, plans, specifications, computer files, notes and other documents prepared by SES as instruments of service for this project shall remain the property of SES. SES shall retain all reserve rights to such information including any copyright.

The laws of the State of Nebraska apply to this Agreement.

This agreement may be terminated upon 7 days advance written notice by the Owner or SES should the other fail to perform its obligations. In the event of termination the Owner agrees to compensate SES for all services performed to that point including any reimbursable expenses that may have accrued.

If this proposal is acceptable please sign both copies and return one (1) signed copy to the SES office. Thank you for this opportunity to team with Ashland-Greenwood Public Schools.

Sincerely,

Eric G. Sherman, P.E.
Principal

Dr. Kassebaum, and the Ashland Greenwood School Board Members

It is with a heavy heart that I submit my resignation as Speech/Language Pathologist for the Ashland-Greenwood Public Schools, effective at the end of this 2013-14 school year.

The last seven years with this school district have been the pinnacle of over forty years in and out of the education field. I have worked in many districts, with all age groups, in many capacities, and have never felt more at home than here. It has been an honor and privilege to work with so many wonderful professional, and caring, colleagues. Thank you for the opportunity to serve the students, parents, and patrons of the Ashland-Greenwood Schools.

I will miss you all very much, especially the comraderie, and cohesion of this staff. For that I give all the credit to Mrs. Bray. The administrator truly sets the tone, and I consider this staff my "friends and family". I have never worked for someone with such outstanding personnel skills. Her calm, caring, rational demeanor is exemplary. Thanks!

There is a time to work, and a time to retire. I have chosen the latter. After raising a large family of five children, who have blessed us with 14 grandchildren, I feel it is time to turn my attention to family matters.

Retirement is a life style choice, not an economic choice. Life is not always about making money, but more importantly, about making friends and helping people achieve their dreams. I still have so much to do and share in my life, and I only hope that I have made a difference with students, and staff and everyone that I have touched in my career.

I believe that education is the foundation of each child's future. Our children are the most valuable resource for our nation. Working in the school setting, has been very fulfilling, but I know that as a teacher, education continues no matter what the setting. I will always remember this district and its staff, as you have all been such an important part of my life. I love you all, and I will pray for your continued successes in the field of education, and will always consider Ashland-Greenwood my home away from home.
God Bless!

Sincerely yours,
Jean Bernth,
Speech/Language Pathologist

Dr. Zachary G. Kassebaum
Superintendent
Ashland-Greenwood Public Schools

Dr. Kassebaum:

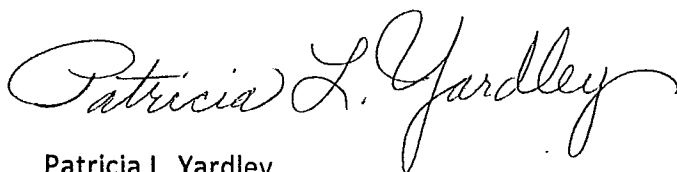

Please accept this letter as my resignation from my current teaching position with Ashland-Greenwood Public Schools effective at the end of the 2013-2014 school year.

This decision was difficult to make due to many factors. I will miss my colleagues and the close working relationships that we have developed. I will miss working with students, hearing all of their entertaining stories and comments, and learning from them through our day to day interactions.

I am grateful to have worked for a district that encouraged professional growth. I have enjoyed and appreciated having leaders who allowed me to develop and implement innovative educational practices. It has kept me challenged and interested in the teaching profession for the last 24 years of my career.

My best wishes go to the district and its continued efforts towards excellence. I leave with nothing but good memories and reflections on all that has been accomplished in the time I've spent here.

Sincerely,

A handwritten signature in cursive script that reads "Patricia L. Yardley". The signature is written in black ink and is positioned above the printed name.

Dear Ashland-Greenwood Board of Education,

With a heavy heart, I am writing this letter to inform you that I am resigning from my position at Ashland-Greenwood Elementary at the end of the school year and will not be returning to teach first grade this fall.

As many of you know may know, I am leaving my position to join my husband who has accepted another job out of state. I have been very blessed to begin my teaching career in this school district and am very thankful for the opportunities it has provided me. This district is truly one of a kind with its dedication to developing both students and teachers. The administration, staff, students and community have all contributed to my growth as a teacher. I am sad to leave my position, but excited for what God has in store for my family in this new season of life. Again, I appreciate everything that this district has done for me and I will miss it very much.

Sincerely,

A handwritten signature in cursive script that reads "Megan Laune".
