RE: Rachel's Challenge

On Friday, August 21, your student will have the opportunity to hear the presentation called Rachel's Challenge (www.rachelschallenge.org). Rachel's Challenge exists to equip and inspire individuals to replace acts of violence, bullying, and negativity with acts of respect, kindness, and compassion. Rachel's Challenge is based on the life and writings of Rachel Joy Scott who was the first victim of the Columbine school shootings in 1999. Through her example, Rachel's Challenge is making a positive impact in the lives of millions of people every year.

Superintendents, principals, teachers, parents, and students bring Rachel's Challenge into their schools because of escalating problems such as: bullying, student isolation, teen suicide, discrimination, school violence, and increased disciplinary actions. Through powerful presentations, trainings, community events, and professional development, Rachel's Challenge provides the sustainable solution.

Rachel's inspiring story provides a simple, yet powerful example of how small acts of kindness and acceptance motivate us to consider our relationships with the people we come in contact with every day. Rachel's Challenge renews our hope that our life has meaning and purpose. Rachel's story gives us permission to start our own chain reaction of kindness and compassion, which positively affects the climate in our schools and communities.

A few weeks after the tragedy, Darrell Scott, Rachel's father, spoke to a Congressional House Judiciary Committee regarding issues of school violence. His speech has become one of the most widely read on the internet. Shortly afterwards, he founded "Rachel's Challenge", a bullying and violence abatement program. More than two million students annually experience Rachel's Challenge and have the opportunity to accept the challenges, modeled after Rachel's life and writings.

The universal message of kindness and compassion told by Rachel's story has been heard by students in several other countries. Since inception, over 21 million people have heard Rachel's story in live settings around the world. The Scott family and other Rachel's Challenge certified presenters have reached millions more on popular media outlets like CNN, Fox News, The Today Show, Good Morning America, Larry King Live, Oprah, Dateline, O'Reilly Factor, Hannity and Colmes and numerous others. Mr. Scott has also authored three books, including the bestseller "Rachel's Tears." Darrell meets regularly with politicians and educators, and is also a keynote speaker at many large educational venues.

The Schedule for Friday, August 21, 2015:

Assembly for grades 6-8: 8:30-9:30 am. The assembly is recommended beginning at 7th grade. 6th grade parents may opt their child out of the assembly by contacting the Principal's office.

Assembly for grades 9-12: 10-11 am.

Friends of Rachel Club TRAINING assembly 1-2:30pm. Nearly 100 students were randomly invited to take part in the training (via mail). At the assembly, we will be asking for volunteers to fill our 100 spots, so, if you did not get invited you will still have the chance to get involved!

Parent/Community Meeting: 6:15-7:15 pm in the High School gym. ALL WELCOME!

AGPS School Improvement Areas of Focus/Expectations for 2015.2016

Highlighted text notes something NEW or a revision/clarification for 15.16

School Improvement Plan

- Literacy and Math
 - Literacy
 - Continue focus on writing improvement
 - Research possible writing curriculums – K-8
 - Begin work with new ELA standards – Essential Learnings/Curriculum Alignment – Guaranteed Curriculum
 - Math
 - Research/Select new math curriculum materials
 - Informed by Best Practices and new Math standards
- AdvancED/Nebraska Frameworks Accreditation Visit – Spring of 2016
 - Required of all public districts – every 5 years

District Instructional Model - Marzano's Instructional Framework

DQ 1:1	Learning Targets
DQ 6:4 (DQ7)	Routines and Procedures
DQ 1:2	Tracking Student Progress (also supports SLO: Progress Monitoring and Assessments)
DQ 5	Student Engagement

- Continue to ensure that each lesson is guided by a clear learning target (linked to NESA when app.)
- Continue to ensure clear routines and procedures are taught, modeled, practiced, reviewed, etc
- Continue to explore, develop, implement, and evaluate Tracking Student Progress Strategies and Progress Monitoring Tools
- Continue to explore, develop, and implement Student Engagement Strategies
- Volunteer and/or willingly accept opportunities to share your expertise, skills, and knowledge with colleagues and administrators
- Participate in at least one of the following reflective activities during the 2015.2016 school year
 - Record a lesson and self assess/reflect
 - Participate in a peer review opportunity where you provide feedback to a colleague
 - Participate in an instructional round where the group provides feedback to a colleagueDocumentation of above could serve as evidence for your PD plan and/or SLO if relevant to PD plan/SLO content

Evaluation Model

SLO

- Continue to explore, develop, implement, and evaluate Tracking Student Progress Strategies and Progress Monitoring Tools
- Evidence required to support SLO implementation – available for mid-year and end of year SLO conferences
 - At least 2 lesson plans – using the Marzano template – that support SLO content implementation
 - The lesson plan template has been revised slightly for 15-16 – deleted the Blooms Taxonomy sections and added questions regarding higher order thinking skills and differentiation
 - Select 3 case studies/students – 1 from low group, 1 from middle, and 1 from high – collect documentation for each
 - Assessments – Pre, Formative, and Post
 - Samples of specific instruction, strategies, and/or student work relevant to SLO content and student performance level
 - “Organized” SLO Data – Pre-Assessment, Formative, and Post

Professional Development Plan

- Ensure PD plan content is linked to improving student performance
- Consider PD plan content that may also be related to SLO
- Ensure aligned to Marzano (a specific design question and/or element(s)) and/or one of the 7 Effective Practices.

*Note: Please do not feel that you need to select one of the 4 Marzano areas identified as focus areas for your PD plan. As a district, we identified those 4 as focus areas to help guide district/building wide PD efforts. We recognize that these 4 areas are already strengths for some staff. Your PD plan content should be informed by evaluation feedback received from 14.15, student perception data, self-reflection/analysis, and your student performance results. Remember the PD plan is the piece of the evaluation model where, absent of any concerns, individual choice is encouraged.

- Examples of possible evidence to support PD plan implementation:
 - Lesson plans, logs, video self-reflection notes, peer review notes or feedback, instructional round notes or feedback, examples of strategy development/implementation, samples of student work, student feedback

Other

- All staff will be required to attend a district wide PLC meeting approximately every other month – this required PLC will primarily focus on PD – Marzano Strategies/7 Effective Practices
- *Optional* – Staff may choose to attend an optional PLC approximately every other month – this optional PLC will primarily focus on evaluation model components and/or serve as a work session with support for PD plan/SLO development and implementation
- There will be two sessions – an AM and a PM – offered for both the required and optional PLC sessions. Schedule is attached and will be posted in AGPS District Folder
