Use of School Facilities

The Board of Education recognizes that the school buildings and property are constructed and held for the benefit of the educational program within the Saunders County School District No. One. Therefore it is the policy of the board that district programs shall have priority in the use of school facilities.

When facilities are not being used for education purposes the district shall permit the use of the facility by community based groups. The superintendent and/or his or her designee may waive the fee for not for profit community based groups unless the district incurs additional expense for personnel. Any additional expense for personnel will be the responsibility of the group using the facility.

Groups using the facility must agree not to discriminate in their use of the facility or in their activities based on race, color, national origin, sex, disability, marital status or age.

All use of school facilities shall be subject to rules and regulations stated by the superintendent or employees to whom the superintendent has delegated authority for the supervision of school facilities.

All use of school facilities by non-school groups shall require written application for use and shall be approved for use prior to the activity. Each application shall require at least two individuals 18 years or older and no longer enrolled in the Ashland-Greenwood Public Schools to sign a liability clause on the application. Signed approval for use shall specify any restrictions on use, any fee to be charged, and shall include provision for replacement or repair of facilities or equipment lost or damaged by the non-school group using school facilities.

It shall be the policy of the Board of Education to not permit the use of any school facilities on Sunday mornings until 12 Noon. Facilities will also be closed during a designated five day period each year which will include December 25. This period shall coincide with the five day period designated by the NSAA Board of Control in which no extra-curricular activities (practices or contests) sponsored by the NSAA can take place.

Adopted: August 5, 1996

Revised: September 19, 2005
