A. **Elimination of Discrimination.**

The policy of Ashland-Greenwood Public Schools is to not discriminate on the basis of race, color, national origin, gender, marital status, disability, religion or age in admission or access to, or treatment with regard to employment or with regard to its programs and activities.

Ashland-Greenwood Public Schools and its staff shall comply with all state and federal laws prohibiting discrimination. The Board of Ashland-Greenwood Public Schools intends to take any necessary measures to assure compliance with such laws against any prohibited form of discrimination and directs its staff to take all actions necessary to meet this objective.

The Building Principal shall be the Coordinator for anti-discrimination laws (including Title VI, Title IX; the Americans with Disabilities Act of 1990 (ADA), and Section 504 of the Rehabilitation Act of 1973 (Section 504)) and complaints or concerns involving discrimination or compliance with those laws should be addressed to said Coordinator.

B. **Preventing Harassment and Discrimination of Employees and Students.**

1. **Purpose:** Ashland-Greenwood Public Schools is committed to offering employment and educational opportunity to its employees and students based on ability and performance in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers or other persons is prohibited. In addition, Ashland-Greenwood Public Schools will try to protect employees or students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, religion, national origin, sex, disability or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

- a. In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.
- b. Age harassment has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.
- c. Sexual harassment has been defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- (a) Supervisors or managers make submission to such conduct either an explicit or

implicit term and condition of employment (including hiring, compensation, promotion, or retention);

- (b) Submission to or rejection of such conduct is used by supervisors or managers as a basis for employment related decisions such as promotion, performance evaluation, pay adjustment, discipline, work assignment, etc.
- (c) The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

2. **Procedures:**

- a. Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision.
- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to a Building Principal of Ashland-Greenwood Public Schools.
- c. If a satisfactory arrangement cannot be obtained through the Building Principal, the complaint may be processed to the Superintendent. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.
- d. The person to whom the complaint is made is to thoroughly investigate the complaint and work with the person filing the complaint to seek an appropriate resolution so the discrimination or harassment can be remedied and put to an end.
- e. Complaints of discrimination or harassment will be treated with the utmost confidence, consistent with resolution of the problem.
- f. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, etc., may be taken.
- g. Under no circumstances will a supervisor or a teacher or the Board threaten or retaliate against a person for alleging discrimination or harassment.

B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.

1. Purpose:

The Ashland-Greenwood Public School District is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment and retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's race, color, national origin, religion, disability, age, sex, or other protected category, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

- a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or

- b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's race, color, national origin, religion, disability, age, sex, or other protected category, may include, but is not limited to:

- a. Name-calling,
- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
- e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
- f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or
- g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a

hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. Anti-retaliation:

The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. Grievance (or Complaint) Procedures:

Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation ("discrimination") to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

District employees, supervisors and administrators must immediately report any complaints, reports, observations, or other information of alleged discrimination to the designated coordinator, even if that District employee is investigating the alleged discrimination as part of the District's student or employee disciplinary process, and provide the complainant with information for filing a complaint of discrimination, including a complaint form if requested, and contact information for the District's designated coordinator. If the District uses its disciplinary procedures to investigate and

resolve an alleged discrimination complaint, those disciplinary procedures will comply with the District's standards for a prompt and equitable grievance procedure outlined in section B.2., below.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. Extenuating circumstances do not include summer vacation, and if a designated compliance coordinator or investigator is unavailable, another coordinator or trained employee will be designated to conduct the investigation. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant**. Periodic status updates will be given to the parties, if necessary.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and

relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.

- d. A review of the evidence using a “preponderance of the evidence” standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. An analysis of the appropriate legal standards applied to the specific facts,
- c. Findings regarding whether discrimination occurred, and
- d. If a finding is made that discrimination occurred, the recommended remedy or remedies necessary to eliminate discrimination, including harassment and retaliation, prevent its recurrence, and remedy its effects, if applicable.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made (see the Remedies section, below, for additional information about remedies). The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **ten (10) working days** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose to a student who was discriminated against or harassed (victim), information about the sanction imposed upon a student who was found to have engaged in discrimination or harassment (student who discriminated) when the sanction directly relates to the victim. This includes an order that the student who discriminated stay away from the victim, or that the student who discriminated is prohibited from attending school for a period of time, or transferred to other classes.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **ten (10) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after

receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within ten (10) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at the next scheduled Board meeting to present his or her appeal. The Board will issue a written determination about the appeal **within thirty (30) working days** after receiving the appeal. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. Remedies:

If the District knows or reasonably should know about possible discrimination, including harassment or violence, the District will take immediate, interim action or measures to protect the alleged victim, ensure the safety of the school community, and prevent further potential discrimination, harassment, or retaliation during the District's pending investigation. These interim measures will be prompt, age-appropriate, effective, and tailored to the specific situation, and may include a change in the student's seating assignment or class, a change in an employee's work area, prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation, and other remedies, such as those listed below.

The District will minimize any burden on the alleged victim when taking interim measures. For instance, the District generally will not remove the alleged victim from his or her class or work area and allow the alleged harasser to remain. In addition the District will ensure that the complainant is aware of his or her Title IX rights, including a strong prohibition against retaliation for reporting discrimination or harassment or cooperating with any investigation or proceeding, and any available resources, such as counseling, health, and mental health services, and the right to file a complaint with local law enforcement, if applicable.

If the District determines that unlawful discrimination or harassment occurred, the District will take prompt and effective action to eliminate the discrimination or harassment, prevent its recurrence, and remedy its effects on the complainant and others, if appropriate. The remedies will be tailored to the specific allegations and facts of each situation, including, but not limited to, the following remedies:

- a. Providing an escort to ensure the complainant can move safely between classes and activities.
- b. Ensuring the complainant and alleged harasser do not attend the same classes.
- c. Moving the alleged harasser to another school or work area within the District.
- d. Providing counseling services or reimbursement, if appropriate.

- e. Providing medical services or reimbursement, if appropriate.
- f. Providing academic support services, such as tutoring.
- g. Arranging for the complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant's academic record.

The District may provide remedies for the broader student population as well, including but not limited to:

- a. Offering counseling, health, mental health, or other holistic and comprehensive victim services to all students or employees affected by sexual harassment or sexual violence, and notifying students and employees of campus and community counseling, health, mental health, and other student services.
- b. Designating an individual from the District's counseling center to be "on call" to assist victims of sexual harassment or violence whenever needed.
- c. Providing additional training to the District's designated compliance coordinators and other employees who are involved in addressing, investigating, or resolving complaints of discrimination, harassment, and retaliation, to better respond to specific types of harassment and violence.
- d. Informing students and employees of their options to notify proper law enforcement authorities, including school and local police, and the option to be assisted by District employees in notifying those authorities.
- e. Creating a committee of students or employees and District officials to identify strategies for ensuring that students and employees:
 - i. Know the school's prohibition against discrimination, harassment, and retaliation.
 - ii. Recognize acts of discrimination, harassment (including acts of violence), and retaliation when they occur.
 - iii. Understand how and to whom to report any incidents of discrimination.
 - iv. Know the connection between alcohol and drug abuse and harassment or violence based on sex or other protected characteristics.
 - v. Feel comfortable that District officials will respond promptly and equitably to reports of discrimination, harassment (including violence) and retaliation.
- f. Conducting periodic assessments of student or employee activities to ensure that the practices and behavior of students or employees do not violate the District's policies against anti-discrimination, anti-harassment, and anti-retaliation.
- g. Conducting in conjunction with students or employees, a "climate check" to assess the effectiveness of efforts to ensure that the District is free from discrimination, harassment (including violence), and retaliation, and using the resulting information to inform future proactive steps that will be taken by the District.

In addition to these remedies, the District may impose disciplinary sanctions against the student or employee who discriminated, harassed, or retaliated against the complainant, up to and including possible expulsion or termination or cancellation of employment.

5. Confidentiality:

The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted,

At the same time, the District will evaluate a confidentiality request in the context of its responsibility to provide a safe and nondiscriminatory environment for all students. Thus, the District may weigh the confidentiality request against factors such as: the seriousness of the alleged harassment, the complainant's age; whether there have been other harassment complaints about the same individual and the alleged harasser's rights to receive information about the allegations if the information is maintained by the District as an "education record" under FERPA. In some cases, the District may be required to report alleged misconduct or discrimination, such as sexual harassment involving sexual violence, to local law enforcement or other officials, and the District may not be able to maintain the complainant's confidentiality. The District will inform the complainant that it cannot ensure confidentiality, if applicable.

6. Training:

The District will ensure that District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees. This training will include, at a minimum, the following areas:

- a. The current legal standards and compliance requirements of anti-discrimination, anti-harassment, and anti-retaliation federal, state, and any local laws and regulations, including several specific examples of discrimination, harassment (including acts of violence because of a person's sex or other protected characteristics), and retaliation.
- b. The District's current anti-discrimination, anti-harassment, and anti-retaliation notice, policies, grievance procedure, and discrimination complaint form, including the specific steps and timeframes of the investigative procedures, and the District's disciplinary procedures.
- c. Identification of the District's designated compliance coordinators and their job responsibilities.

- d. Specific examples and information regarding how to report complaints or observations of discrimination, harassment, or retaliation to appropriate District officials or employees. In addition, the District will emphasize that employees, students, third parties, and others should not be deterred from filing a complaint or reporting discrimination. For instance, if a student is the victim of sexual violence, a form of sexual harassment, but the student is concerned that alcohol or drugs were involved, school staff should inform the student that the District's primary concern is student safety, that any other rules violations will be addressed separately from the sexual violence allegation, and that the use of alcohol or drugs never makes the victim at fault for sexual violence.
- e. Potential consequences for violating the District's anti-discrimination, anti-harassment, and anti-retaliation policies, including discipline.
- f. Potential remedies, including immediate, interim remedies, to eliminate the discrimination, harassment, and retaliation, prevent its recurrence, and remedy its effects.

In addition, the District shall ensure that employees designated to address or investigate discrimination, harassment, and retaliation, including designated compliance coordinators, receive additional specific training to promptly and effectively investigate and respond to complaints and reports of discrimination, and to know the District's grievance procedures and the applicable confidentiality requirements.

7. Designated Compliance Coordinators:

InstructionSpecial Education Program**FREE APPROPRIATE PUBLIC EDUCATION:**

The School District ensures that a free appropriate public education is available to all children with disabilities from birth through the school year in which the student reaches 21 years of age, including children who have been suspended or expelled from school.

The requirement to provide a free appropriate public education does not apply with respect to children aged 18-21 to the extent that State law does not require that special education and related services be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility were not actually identified as being a child with a disability under the IDEA or did not have an IEP under Part B of the IDEA.

CHILD FIND:

All children with disabilities residing in the School District, including children with disabilities attending non-public schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

IDENTIFICATION, EVALUATION AND VERIFICATION:

The School District ensures that children with disabilities are evaluated in accordance with 92NAC 51-006.

INDIVIDUALIZED EDUCATION PROGRAM:

The School District ensures that an individualized education program (IEP), or an individualized family service plan (IFSP) is developed, reviewed, and revised for each child with a disability in accordance with 92 NAC 51- 007.

LEAST RESTRICTIVE ENVIRONMENT:

To the maximum extent appropriate, children with disabilities, including children in public and nonpublic institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily

PROCEDURAL SAFEGUARDS:

The School District ensures that children with disabilities and their parents are afforded the procedural safeguards required in 92 NAC 51-009.

Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication,

unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child. The School District will comply with such procedures as are required by law.

CONFIDENTIALITY:

The School District complies with the requirements contained in 92 NAC 51-009 relating to the confidentiality of records and information.

TRANSITION FROM EARLY INTERVENTION SERVICES TO PRESCHOOL PROGRAMS:

Children participating in early intervention programs assisted under Part C of the Individuals with Disabilities Education Act, who will participate in preschool programs assisted under Part B of the Individuals with Disabilities Education Act will experience a smooth and effective transition to those preschool programs in a manner consistent with 92 NAC 5 1. By the third birthday of the child, an IEP will be developed and implemented for the child. The School District will participate in transition planning conferences arranged for the child.

CHILDREN IN NONPUBLIC SCHOOLS:

CHILDREN ENROLLED IN NON-PUBLIC SCHOOLS BY THEIR PARENTS: To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in nonpublic elementary and secondary schools, provision is made for the participation of those children in special education and related services in accordance with the requirements contained in 92 NAC 5 1.

The School District's policy relating to child find activities applies with respect to children with disabilities who are enrolled in nonpublic, including parochial, elementary and secondary schools.

CHILDREN PLACED IN OR REFERRED TO NONPUBLIC SCHOOLS BY THE SCHOOL DISTRICT: Children with disabilities in non-public schools and facilities are provided special education and related services in accordance with an individualized education program, at no cost to their parents, if the child is placed in, or referred to non-public schools or facilities by the School District as a means of carrying out the requirements of IDEA or any other applicable law requiring the provision of special education and related services to all children with disabilities. **Children served by non-public schools or facilities** as a result of a **referral by the School District** will have all the rights they would have if served by the School District.

PAYMENT FOR EDUCATION OF CHILDREN ENROLLED IN NONPUBLIC SCHOOLS WITHOUT CONSENT OF OR REFERRAL BY THE SCHOOL DISTRICT: The School District is not required to pay for the cost of education, including special education and related services, of **a child** with a disability at a non-public school or facility if School District made a free appropriate public education available to the child and the parents elected to place the child in such non-public school or facility.

If the parents of a child with a disability, who previously received special education and related services under the authority of the School District, enroll the child in a non-public elementary or secondary school with the consent of or referral by the School District, a court or a hearing officer may require the School District to reimburse the parents for the cost of the enrollment if the court or hearing officer finds that the School District had not made available a free appropriate public education to the child in a timely manner prior to that enrollment.

The cost of the reimbursement may be reduced or denied if at the most recent IEP meeting that the parents attended prior to the removal of the child from the School District, the parents did not inform the IEP team that they were rejecting the placement proposed by the district to provide a free appropriate public education to their child, including stating their concerns and their intent to

enroll their child in a nonpublic school at public expense; or ten (10) business days (including any holidays that occur on a business day), prior to the removal of the child from the School District, the parents did not give written notice to the School District of the information required above. The cost of reimbursement will not be reduced or denied for failure to provide the information required if the parent is illiterate and cannot write in English, if compliance with the requirement would likely result in physical or serious emotional harm to the child, if the school prevented the parent from providing the information or if the parents had not received notice required by 92 NAC 51-009 of the parents responsibility to provide notice to the School District.

The reimbursement may also be reduced or denied if prior to the parents removal of the child from School District, the School District informed the parents, through the notice requirements described in 92 NAC 51-009, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for the evaluation. The reimbursement may also be reduced or denied upon a judicial finding of unreasonableness with respect to actions taken by the parents.

COMPREHENSIVE SYSTEM OF PERSONNEL DEVELOPMENT:

The School District ensures that all personnel necessary to carry out the requirements of the Individuals with Disabilities Education Act are appropriately and adequately prepared and to the extent that the School District determines appropriate the district will contribute to and use the Comprehensive System of Personnel Development of the State.

PERSONNEL STANDARDS:

The School District will make an ongoing, good-faith effort to recruit and hire appropriately and adequately trained personnel to provide special education and related services to children with disabilities, including, here there is a shortage of personnel, the most qualified individuals available who are making satisfactory progress toward completing applicable course work necessary to meet the standards of the State.

PERFORMANCE GOALS AND ENDICATORS:

The School District will use performance indicators established by the State to assess progress toward achieving those goals that, at a minimum, address the performance of children with disabilities on assessments, drop-out rates and graduation rates.

The School District will provide the Nebraska Department of Education with information necessary to enable the state to carry out its duties, including those duties relating to the performance of children with disabilities participating in special education programs under the Individuals with Disabilities Education Act.

PARTICIPATION IN ASSESSMENTS:

The School District ensures that children with disabilities are included in district-wide assessment programs, with appropriate accommodations, where necessary. As appropriate, the School District develops guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in district-wide assessments and develops and, beginning not later than July 1, 2000, conducts those alternate assessments. The School District will make available to the Nebraska Department of Education the information necessary to carry out its duties relating to the reporting of children with disabilities' participation in assessments.

SUSPENSION AND EXPULSION REPORTING:

The School District will report data to the Nebraska Department of Education to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities.
